- Attached is our insurance carrier's take on business interruption insurance and how it works globally (two articles). Very interesting read.
- Very interesting article attached from Drew on options for LL's to consider when it comes to rent relief – hopefully you can pick up a few things here.
- Petco Letter to Landlords, in reference to our call today. Interesting response.
- [Summary of C-19 Impact on Industrial & Logistics Sector](#) flash call from CBRE, interesting information in there about the virus' impact to the general economy, capital markets, etc.
- [Pier 1 Citing Court Ruling to Skip Rent](#) isn't that nice?

Stay strong, CASCO!
